ANTIOCH, ILLINOIS, THURSDAY, MAY 6, 1965

VOL. LXXIX, NUMBER 45

A FRAME-UP? The student driver thought so when Police Chief-for-a-day Wally Pleviak, under the supervision of Sergeant John Heick, wrote out a ticket for improper parking and presented it to her. It was all part of Student Government Day in Antioch.

REPRESENTATIVES OF THE ANTIOCH GARDEN CLUB, village officials, and Antioch High school students taking part in Government Day gathered on the grounds of the village hall last Friday morning for the official planting of two spruce trees given to the village by the Garden Club for Arbor Day.

Students Learn About Village Government

Antioch High School students who were elected to various village offices followed their counterparts through a day of their activities last Friday.

Masaji Okubo, student mayor, and Walter Pleviak, Fire Chief, got off to a stirring start when the fire siren blew at about 9 a.m. The Mayor being also a member of the fire department, the two students started their day with a ride on the fire truck. The fire was a small grass fire, quickly extinguished, but the boys had answered an authentic fire call.

Most of the students gathered with the village officials and members of the Antioch Garden Club on the grounds of the village hall at 10 a.m. to take part in a tree-planting ceremony. Two blue spruce, given to the village by Mr. and Mrs. Clarence Spiering and the Antioch Garden Club, were planted on the grounds in observance of Arbor Day.

At the end of the day Masaji said he had found the day very interesting and learned quite a bit about village government. He declared village officers should get a higher salary. So, said Masaji, should teachers.

Walter Pleviak, fire chief for a day had accompanied Edgar Simonsen, who is at head of the Public Works department throughout the day. He found the day very interesting, and said the job is a lot of work.

Wally thinks the people handling village jobs are taken for granted. "I wouldn't be able to do as good a job as they," he said.

Bob Lenczewski, public works inspector, said that accompanied Simonsen as he inspected sewers and checked on a broken water main. He was conducted through the sewage disposal plant and "It's very interesting," he commented in some surprise.

The students had an unexpected bonus when they were allowed to sit in on a meeting of the Mayor and other of the village officials with officials of Quaker

Industries and Victory Carbide Saw & Tool Works. The meeting was held to try to reach an agreement on land owned by the two companies that is needed for a new well site.

The students all toured Quaker Industries, a tour that Carol Hribar, student treasurer, found most interesting. She said the idea of students being elected, also, to spend a day as heads of various Antioch industries was advanced by a Quaker representative.

She had worked with village treasurer Martha Hunter on accounts, Carol said, and had also had a chance to observe some of the village clerk's work.

Walter Henning, proxy police chief, found the day filled with a variety of complaints, from dog complaints to traffic problems. He toured the police station, and realized every student's dream when he had an opportunity to write out an improper parking ticket for a fellow student in the Driver Education class.

Wally said he plans on going into police work eventually, so was glad to get first-hand glimpse of it. Sergeant Heick, he said, was willing to answer all his questions.

All the students were taken to lunch with the village officials.

Con. McGlory Addresses GOP Women

About 300 Lake County women heard Congressman Robert McGlory discuss local, state and national problems at a luncheon meeting of the 12th Congressional District Women's Republican Club last Monday, May 3.

Among other things, McGlory discussed the Medicare bill. Commenting on the future of the Republican party, McGlory said people from all classes and all races are needed for the future growth of the party.

Fourteen women from the Antioch area attended the luncheon. Mrs. Raymond Craig, Deerfield, president, presided at the meeting. Miss Gloria Lind of Highwood entertained with three operatic numbers.

Mrs. John Wawirka of Lake Zurich, newly appointed state central committeewoman, was introduced. She succeeds Mrs. Thomas Davis, who resigned.

Mrs. George Hain of Wauconda was general chairman of the affair.

C. D. Drill Goes Off Well

The Civil Defense drill conducted at the Antioch High School Tuesday morning went off well, Civil Defense Director John Dupre announced.

Five hundred high school students, plus fifty members of the fire department, rescue squad, and teachers, filed into the shelter in five minutes. There was no crowding, Dupre reported, no panic and no "horseplay."

Only evidence of discomfort, Dupre said, was warmth caused by the large number of people. The students stayed in the shelter five minutes and vacated the shelter in five minutes.

The test, Dupre said, showed the need for personnel in charge who are trained in shelter management, to take over supervision of various matters, including handing out food, water, etc.

Dupre said he hopes to conduct a test in the near future in which students will be held in the shelter an hour. He believes such a test will better duplicate conditions which would arise in an actual warning.

Dupre complimented James Erdman, high school Civil Defense Director, for his excellent organization of the pupils. He also thanked the members of the organizations who participated.

Appoints Chairman Of Buddy Poppy Drive In Antioch

Commander Manuel Goode of Veterans of Foreign Wars Post No. 4551, today announced the appointment of Chester White as chairman of the V.F.W.'s annual Buddy Poppy Drive which will be held in Antioch on May 15.

In accepting the appointment Mr. White expressed a sincere hope that this would be the biggest year ever in the sale of Buddy Poppies here. He pointed out that today, more than ever, we have a solemn obligation to help those who gave so much during times of war.

"The high cost of living," he said, "has placed an increased burden on our disabled veterans. It is our responsibility to see that they are properly cared for and relieved so far as possible from greater hardships. In addition, we must not forget those widows and orphans of veterans now living at our National Home at Eaton Rapids, Michigan."

All sensible men are of the same opinion about women, and no sensible man ever says what that opinion is. Samuel Butler, quoted in "With Malice Toward Women" (Dodd-Mead.)

Mayor Appoints Village Officials, Committees

Mayor Ray Toft started off his official term of office Tuesday night by making appointments to village positions and committees. The meeting was further highlighted by the announcement by the mayor of receipt of a certified check from the G. W. Kennedy Co. in the amount of \$430.65 in payment of the long-overdue water bill.

The mayor read a letter from George Kennedy stating that the bill was being paid under protest, and requesting a meeting with members of the sewer and water committee to further discuss the matter.

New trustees Robert Wilton, Arthur Meierdick, and Vern Barnstable, and village clerk Clarence Shultis, took the oath of office from Mayor Toft. The Mayor appointed Roger Williams to fill the unexpired two-year term, occupied by Toft before his election as mayor.

Martha Hunter was appointed treasurer. Other appointments included Jack

Heick, chief of police; John Dupre, Civil Defense Director; Edgar Simonsen, Fire Chief; Edward Jacobs, village attorney; Applied Engineering, Inc., as village engineer; Edgar Simonsen, Superintendent of Public Works; Ellis J. Story, Building Commissioner; and Dr. A. N. Berke, Health Officer.

Committees appointed by the new mayor included: Licenses, Robert Wilton, Irving Walsh, Roger Williams, (in each case, the first named is chairman of the committee); streets and lighting, Roger Williams, Vern Barnstable, Robert Wilton; surface water, Vern Barnstable, David Nissen; Arthur Meierdick; finance and audit, David Nissen, Robert Wilton, Irving Walsh; industry, David Nissen, Irving Walsh, Arthur Meierdick;

Printing and publishing, Roger Williams, David Nissen, Arthur Meierdick; sewer and water, David Nissen, Roger Williams, and Vern Barnstable; public buildings, Irving Walsh, Robert Wilton, Arthur Meierdick; salaries,

Irving Walsh, Robert Wilton, Arthur Meierdick; police, Arthur Meierdick, Vern Barnstable, Roger Williams; fire department, Vern Barnstable, Arthur Meierdick, Roger Williams; civil defense, Robert Wilton, Vern Barnstable, David Nissen; insurance, Irving Walsh, Robert Wilton, David Nissen.

A student representative of the American Field Service Club at Antioch High School, Andy Johnson, explained the Foreign Exchange student program to the board. The AFS Club, he said, has been formed at the high school to aid the foreign student.

This is the first year Antioch High has had a foreign student under the program, and difficulties have shown up, particularly a need for further financial support. The AFS Club, he said, has been set up to cope with these problems, and he appealed for the support of the village board.

The mayor explained to Johnson that the board was legally unable to disburse tax money for such purposes, but

urged that he contact the individual members of the board for support. Johnson explained that the Club will print "shares" which they will attempt to sell for 50c a share, and will also promote other fund-raising activities.

Antioch High School students who had been elected to fill village posts on government day attended the board meeting and reported on their experiences. All expressed their gratitude and declared they had found the experience educational.

Masaji Okubo, student mayor, recommended active planning for the town's growth. Bob Lenczewski, public works, said that he felt the average village resident had no idea of the variety of interesting matters concerned in the town's operation. The sewage disposal system, he said, which he had always taken for granted, he had found a fascinating operation when he had the opportunity to view some of the operations.

Mayor Toft reported that Quaker Personnel had expressed the hope that the student election would be broadened next year to include positions such as plant manager, personnel manager, etc., in village industries. They expressed their willingness to cooperate in such a program.

A petition of Annexation from Mr. and Mrs. Russell Stowe was read and approved. The property to be annexed is on Little Silver Lake Road east of the village. John Horak, Spring Grove, announced he had purchased the garbage disposal business and property east of the Soo Line tracks which has been used for a garbage dump. The purchase was made from Murrill Cunningham. Mayor Toft explained that the village attorney was in process of writing an ordinance to govern such businesses, and asked board members to investigate the subject.

An ordinance was read and approved imposing a license fee of \$100 per machine on all coin-operated amusement devices. The ordinance is carefully worded, Attorney Jacobs pointed out, to cover only "pinball" machines, and does not apply to juke boxes. The ordinance contains a provision that no one under the age of 18 be allowed to play them.

Mayor Toft announced that Quaker Industries and Victory Carbide had agreed to cooperate so that a village well could be drilled on a street adjoining their properties. The unused street will be vacated and deeded to the village. David Nissen requested that Quaker and Victory Carbide be thanked for their cooperation.

Irving Walsh reported that Mrs. Walter Scott, former police radio operator, has asked for information as to vacation time she had built up during her years of service. Roger Williams suggested that she should be granted three weeks vacation pay. His suggestion was approved by other board members. Walsh was told to communicate with Mrs. Scott and try to work the matter out.

Irving Walsh asked that the building commissioner investigate a wall erected in the shopping plaza between Antioch Drugs and Ace Hardware, presumably without a building permit. Story was directed to investigate.

Mayor Toft instructed Chief Heick to enforce parking meter violations from now on.

Appraisals on the buildings to be removed for construction of a parking lot were turned over to Chairman Irving Walsh.

Toft announced that John Teresi wished to purchase the police station. Walsh was instructed to get appraisals on the property.

Veterans To Parade For Decoration Day

The American Legion and the VFW will join forces in observance of Decoration Day in Antioch this year.

Commander Don Gaston of Legion Post No. 748 and Commander Manuel Goode of the Antioch Post of Veterans of Foreign Wars announced that a parade will precede services at the village park on Broadway.

The parade will form up at 1 p.m. and start at 1:45 p.m. Boy Scouts, civic organizations, etc., are invited to join in the parade.

The parade will proceed to Broadway where the services will be held. Anyone wishing to join in the parade is asked to contact Donald Gaston at 395-1640 or Mr. Goode.

Registration At Grass Lake School Next Week

Registrations for kindergarten and first grade at Grass Lake School will be held through the week of May 10 to May 14. Hours for registration will be from May 10 to May 14. Hours for registration will be from 9 a.m. to 11 a.m. and from 1 p.m. to 3:30 p.m.

Children entering kindergarten must be five years old by December 1, 1965. Those entering first grade must be six years old by December 1, 1965. The child's birth certificate must be presented at the time of registration. Registrants will receive forms for dental and physical examinations.

More than 120 courses are offered by the Southern Illinois University School of Technology.

AGS Band To Take Part In State Meet

The Antioch Grade School Band, under the direction of George Olisar, will participate in the State contest at Plainfield High School at Plainfield, Illinois, on Saturday, May 8.

One bus will leave the grade school at 7:30 a.m. with 35 members of the band who will take part in five solos and twelve ensembles starting at 9:30 a.m.

Another bus will leave at 11:30 a.m. and carry 25 students who will participate in the complete band contest at 3:30 p.m.

After the contest the band will attend a banquet in their honor given by the Antioch Grade School Band Parents Association. They will receive the medals that they won and all graduating members of the band will receive pins from the Band Parents Association.

NICC Helps Local School Observe Arbor Day

As has been their custom for the last few years, the Northern Illinois Conservation Club helped local schools to observe Arbor Day by donating evergreen trees to be planted on the school grounds.

President Dick Waters, George Jensen and Ed Kugle showed the fifth grade students at Grass Lake School the proper way to plant the small trees, and instructed them in how to care for them. The fifth grade at Grass Lake School has planted the trees ever since the inception of the program.

Take Census In Antioch

If a census-taker hasn't rung your doorbell yet, he will by tomorrow (Friday, May 7). That is, if you live in the village of Antioch.

The census is being supervised by Terrence E. O'Brien, Supervisor for Special Census from the Federal Bureau of Census. He briefed five local census-takers, who will conduct the actual door-to-door count, Tuesday at the village hall.

"We would appreciate the cooperation of village residents in helping us to obtain an accurate census," Mr. O'Brien said. "The census will benefit the village, in that motor fuel tax refunds are on a per capita basis. If you know you're not going to be home when the census-taker comes, you might leave the information needed with a neighbor, or make some other arrangement to help the census-taker."

Questions asked for the census are name and address, sex, age at last birthday, and relation of person to the head of the household.

The census-takers are John Dupre, John Horan, Mrs. Bernard Gutowski, Jr., Mrs. Gerald Van Patten and Mrs. Richard Radke.

Miss Mildred LaPlant, teacher of the fifth grade, is also a naturalist and aids the children in caring for the trees.

The children display with pride the trees planted in former years and now flourishing. The NICC aided the Grass Lake School children in the Arbor Day observance last Thursday, and repeated the tree-planting ceremony at Lotus School Friday.

EDITORIAL

Too Many Cooks, And No Supervision

According to the 1962 Census of Governments, Illinois has the dubious distinction of having more local governments than any other state in the union.

The various local governments include 102 counties; 1,251 municipalities; 1,433 townships; 1,540 school districts; and 2,126 special districts.

Needless to say, many of the districts represent duplication of effort, confusion as to duties and obligations, and often a good deal of jealousy.

At present, there are three bills in the Illinois House to tighten auditing controls of local governments. Illinois law now requires periodic audits by independent professional accountants of 87 counties, most municipalities, and all school districts. Township accounts need not be audited by professional accountants, and are audited by a three-man Board of Auditors.

Nearly all special districts are free from any law requiring an independent professional audit. This includes forest preserve districts, park districts, mosquito abatement districts, river conservancy districts, surface water protection districts or soil conservation districts.

When you consider the many thousands of tax dollars disbursed by these districts, it seems incredible that they should not be required to have a thorough yearly audit by an independent firm. A business firm that pursued such a careless policy would probably soon "go broke".

House Bills 994, 995 and 996 seek to tighten up this loose handling of public funds. The passage of the bills is recommended by State Auditor Michael J. Howlett.

Courthouse Notebook

The name of the game is politics and it is quixotic to expect County Board Chairman Kenneth Henke to ignore an opportunity to reward those who supported him in his bid for re-election and to lower the boom somewhat on those who opposed him.

The distribution of committee chairmanships and committee posts is one of the time-honored means of rewarding county board members who line up with the winner and in his committee assignments following his reelection Henke played the game all the way.

In view of the narrow victory which he scored over Waukegan Supervisor August Cepon, however, one wonders if Henke didn't play the game a little too close to the rules for the good of his new administration year.

The Benton Township Supervisor recently stated that he believed in making assignments on the basis of experience, ability, and knowledge of county affairs whenever and wherever possible and it is all to the good if these appointments follow voting lines.

This is a fine attitude to have and it is unfortunate Henke didn't put the attitude into action by finding some committee chairmanship for his recent rival for board leadership.

It is hard to dispute Cepon's credentials and his eligibility for an important post and the team work and harmony Henke will need to insure a smooth working board would have been easier to attain if he had shelved politics at least in this instance.

Henke had nothing to lose and much to gain by a display of magnanimity towards his recent foes and if he finds strong resistance for some of his programs during the coming year he can trace much of the opposition to his hard-nosed treatment of those who opposed his reelection.

Many board members were

openly exultant when John Balen was defeated in his bid for re-election as an assistant supervisor from Waukegan Township, but self-congratulations might be a little premature.

Avon Supervisor Norman Geary may be a little more selective in his administration targets, but Henke, Welch, Grinnell, Murrie and Co. can expect plenty of headaches from the articulate Grayslake.

And of course Frank Peers, of Highland Park, may find it necessary to do some of his own speechmaking in the future which should be somewhat more effective than Balen's efforts no matter how sincere they might have been.

Nor can the supervisors expect Balen to remain silent just because he is no longer on the county board.

Former State Rep. W. J. Murphy could probably gain a lot of support from Lake region businessmen if he were still in the Illinois General Assembly and was to present a new bill that would make legalized gambling subject to a local option referendum.

The demise of bingo as a fund-raising measure for community and civic organizations accounts in large part for the unusually large number of "programs" being proposed as revenue raising measures this year.

A referendum allowing bingo for volunteer fire departments, fraternal and service organizations, and subdivision improvement efforts would almost certainly draw strong support from the area businessmen who are finding their advertising budget stretched to impossible lengths by the requests for program advertising.

Ever since County Financial Agent Robert Morrison reported on the critical state of county finances we have been wondering what happened to the thousands of dollars the county was earning through his investment

Your Congressman Reports....

By Cong. Robert McClory

A controversial issue which may soon reach the Congress is the proposal for repeal of Section 14 (b) of the Taft-Hartley Act.

Enactment of this bill (H. R. 77) would nullify the state right-to-work laws and enable labor unions to negotiate for compulsory union membership through "union shop" agreements in the 50 states. While such freedom now exists in 31 states with only 19 having passed so-called right-to-work laws, it should be pointed out that under no state or Federal law are employers required to enter into labor contracts with compulsory union membership as a condition of employment.

However, employer organizations contend that unless it is made "unlawful" to negotiate labor contracts which compel union membership, the economic pressures are such as to require them to "knuckle under" to union demands for compulsory union membership for all employees.

The entire subject of repeal of Section 14 (b) may seem academic to residents of Illinois' 12th Congressional District. Illinois has no right-to-work law and it is highly unlikely that any such measure will be enacted by the Illinois General Assembly within the foreseeable future. Indeed, Illinois' economic position may be suffering under present conditions with industries leaving our state to avoid strong union pressures and relocating in right-to-work states—mostly in the South. In theory, at least, repeal of Section 14(b) would seem to have the effect of halting this industrial exodus from Illinois to such Southern right-to-work states.

Representative Robert Griffin of Michigan, co-author of the famous Landrum-Griffin labor reform act, has proposed an alternative solution to the present dilemma. Mr. Griffin's proposal, entitled the "Employee Civil Rights Act of 1965" (H.R. 4350), would authorize repeal of Section 14(b) of the Taft-Hartley Act, providing three conditions are met: First, the union could not discriminate on account of race, creed or color; Second, union dues could not be used for any political purpose; and Third, the union could not fine, suspend or penalize any member for his exercise of any civil or Constitutional right.

Under the Griffin bill, a violation of any of these conditions would constitute an unfair labor practice and subject the union to severe penalties.

An additional provision not presently in the Griffin bill, but which might be appropriate, would bar labor unions from denying membership to craftsmen or workers whose education, skills, training or experience qualify them for employment.

The repeal of Section 14(b) of the Taft-Hartley Act is listed by the AFL-CIO as its primary legislative goal in the 89th Congress; the Illinois Manufacturers Association has declared its strong opposition to any such repeal.

And whatever happened to all the money that was to be saved and earned through the use of automated data processing equipment for tax bills, county payrolls, and other county functions?

It is unlikely that all the savings could have been eaten up by new payrolls and equipment rental.

Recent legislation authorizing counties to adopt mechanical electronic voting equipment is a hopeful sign and apparent acceptance of the idea by county officials is also reason for some controlled optimism.

Modesty prevents seeking credit for such hopeful action, but this corner had advocated the use of voting machines for so, these many years.

ALONG THE WAY with Annie Mae

"What Fools These Mortals Be." (to borrow a phrase from the great Bard), on the first sunny weekend, we all got off our T.V. seats and rushed into the great outdoors with vim and vigor. Oh, do we pay for our zest on Monday morning! After a sleepless Sunday night permeated with the fragrances of Bactine, Noxzema and various patent liniments, one wonders why it was necessary to pack all of the Springtime duties into one little weekend? Perhaps we thought the chances of another were pretty slim!

THE LATEST REPORT: First of all I would like to say that it would do well for some of the adult civic leaders to read again the comments by the various teenagers who took over our fair village on Student Government Day. Pay heed folks, these are the future leaders of this community! Did anyone else hear Len O'Connor pay tribute to those College young folks who helped save many towns along the Mississippi when most of the elders had given up in despair? They not only did it willingly, voluntarily, and hopefully, but cheerfully! To quote from Mr. O'Connor, "one wonders just whose values are mixed up." Noticed a large herd of Lions up to their tails in the aqua Center last Sunday, preparing it for a long hot summer (we hope). Ken Smouse spreads his tail.

High school students who became "village officials" for a day last week were unanimous in a couple of thoughts by the end of the day—they felt they'd learned quite a bit about the functions of various village officials, and they were amazed at the amount of work to be done in an average day by the officials.

If a picture is worth a thousand words, it's obvious that actual experience has even more impact. It's just too bad that every student can't follow each government official through a few representative days. They would have a much clearer picture of their government, get some idea of the problems involved, and be better voters in general.

You may recite "The duties of the village clerk are . . . 5,000 times and the words can still be meaningless. One day of watching him perform the many chores of the office may not give you a thorough knowledge of the job, but it helps. The same is true of the treasurer, police chief, etc.

How many voters have ever attended so much as a meeting of the local officials they vote for? Maybe this should be made a prerequisite of the privilege of voting—attendance at so many meetings each year of the school board, the village board, the county board.

Report Savings Bonds Sales For Month of March

Purchases of Series E and H United States Savings Bonds in the state of Illinois totaled \$30,455,683 last month. This is an increase of 4.9% over sales for March of last year. In the first quarter of the year 26.5% of the state's annual quota of \$358,100,000 has been reached. Illinois sales represent 7.3% of the national total which was \$413,758,000. Owners of United States Savings Bonds which were lost or destroyed in the recent tornadoes and floods may receive speedy relief, according to a recent directive. Paying agents in ravaged areas have been instructed in any hardship cases to redeem Series E-H & K bonds without regard for the usual waiting period. Prompt action is also assured in paying for or replacing savings bonds lost or destroyed.

Former Antioch Resident Busy In Retirement

Mrs. George F. (Hester) Garland, a former Antioch resident, was the subject of an article in The St. Paul Pioneer Press of April 26.

Mrs. Garland lived in Antioch for many years before moving to St. Paul to live with her daughter, Mrs. Harlan W. Hawkison. She was a teacher in the Antioch Grade School, at Oakland School and at Sand Lake.

The newspaper article, brought to the News office by Mrs. Helen Nelson of Antioch, dealt with Mrs. Garland's hobby of crewel embroidery.

Crewel embroidery, it seems, is a nearly lost art that has recently enjoyed a return of popularity. Mrs. Garland took it up when she found herself with a great deal of spare time because of the death of her husband, her retirement from teaching and the sale of her home, all coming at almost the same time.

Mrs. Garland had learned crewel embroidery as a child from her mother. She found it difficult to find either suitable yarn or patterns, and finally ordered both from England, the home of crewel embroidery.

In the six years she's pursued her hobby, she has added many heirloom articles to the furnishings of her daughter's home—a six-foot panel, hi-fi-screens, handbags, framed pictures.

A quote from Mrs. Garland says, "I enjoy the work because it's creative and is not hard on the eyes. I like it because I know that my best pieces will become treasured heirlooms for my daughter to enjoy and after that, her daughter. Crewel embroidery is made to last."

Club Raises Money For Scholarships

The Salem Community Club of Central High School will hold a card party on Saturday, May 8, at 8 p.m.

This card party is held annually, with the proceeds going to fulfill the club's financial obligations towards scholarships. The community club has been instrumental in giving help to cheerleaders for their clinic, the music clinic at Madison, Badger State (both boys' and girls'), scholarships and other worthwhile enterprises for the benefit of the students.

E and H Savings Bonds in March amounted to \$447,001. For the first three months of 1965, Lake County stood 78th in the 102 counties in Illinois, with 22.4% of its quota attained.

Sometimes it is better to put off until tomorrow what you are likely to both today.

Letters to the Editor

To the Editor:

I can't resist the very human desire to say "We (ACT) told you so."

We told you the "free" courthouse would not be "free". We told you that it would be paid for by a direct tax on you, the people of this county—no matter what promises were made by Mr. Cepon, Mr. Dickson, Mr. Berning (former County Board Chairman, present County Treasurer), Mr. Welch, Mr. Grinnell.

Your tax bills with an extra .036 levy will confirm our assertion that the County Board has wilfully deceived you from the inception of the drive to abolish the Township Collector (1950) to the present day (1965)—nine years of double-talk, and still the voters return these liars (there isn't another word for them, sorry) to office.

The fact that Mr. Garfield Leaf (by whose prodding, one wonders) for he's up for election in two years) refused to wait to see whether the Board would abate the tax at the April 26th meeting means nothing. It could have been done at the prior regular meeting, or that meeting could have been simply adjourned, not adjourned sine die—a fact which our sharp parliamentarians on the County Board know full well.

May I add one more acid comment: Those who voted in the recent Township elections for Mr. Depke, Mr. Grinnell, Mr. Welch, Mr. Shafer, Mr. Valenta, Mr. Fredrickson, Mr. Dickson, Mr. Frost, Mr. Johnson, Mr. Pontius, Mr. Harlan or Mrs. Olson have no right to complain about their taxes or County government. Spring Concert At Central High

The Spring Concert at Central High School will be held on Tuesday, May 11, at the school. The grade school bands, with Mr. Edward Stevens directing, will participate, as will the band of Central High School.

There will be instrumental solos, group numbers, modern and semi-classic pieces,

as well as marches.

The same students will go to Whitewater on Saturday, May 8, to participate in the annual festival. Marching in parade is a highlight of the festival.

Foods which taste, smell, or look abnormal should not be used. They should be thrown out. Care should be taken in disposing of them, for they can also be harmful to pets or farm animals.

My Aunt Sandy got Married a little while ago. She had a very pretty wedding gown. It had long lace sleeves. It had a very pretty veil.

The groom had a black tuxedo on and a carnation and a red silk sash and a white shirt. His name is Bill Haisma. The bridesmaid had on a very pretty gown. She had on a pink dress on and a short veil. The bride and the bridesmaid had red and white carnations in their bouquets. The best man had on the same thing the groom had on. It was a small wedding.

The Preast had a black cape on when he pronounced them men and wife they kissed.

When they came out of the church we through rice at them. The car had a pretty assortment of colored crape paper on it and beer cans on the back of the car.

I went to the Shriner circus. Parrot is a clown that descovered the chicken from outerspace. On the stage it layed an egg and in it was a dog. Leopards had no cage but they had feather straps. A lady in a gorse gown tamed them. We went to Shagri-La for dinner. A waeter let my sister bother and I got a kidiecocktale. We had lobster, shrimp and cantonesefoods.

DENISE GOLONKA

My aunts had a baby. My aunt Mary named her baby Kathy Jo. My Uncle Jarry wanted a boy. And they got a girl. My aunt Jane had a boy. My grandmas horse is named Hal. My grandpa brushes Hal. He likes to use the curycomb. Doc was in a horse race. The man in sand said, "that the man-on the horse weipped the horse too hard. Doc is a good horse. My grandma lives in Jellet Wisconsin.

The cat that ran away One day we were waiting for are two cats. But Fluffy did not come to eat. But the uther cat came. He did not come for a long time. One night we saw him. Then one night we saw him. And he never ran away again. And I like him. And when I come home from school sometimes he is eating and I come and he runs.

School is great because, it is hard. Mrs. Whitacre teaches us multiply, divide, carry borrow, add, and subtract. She teaches some of us harder arethmatic. Some of us are writing with ink pens. We made monrach butterflies and moths. In the window we have gorgious colors. Some of them are purple, blueish green, yellow, and pink. Sometimes Mrs. Whitacre sits by us. But she never makes prom-

ises. We made Jhon quilla. Some were diffrent shades of yellow. When we do art, we don't paint solid. Some of us have Science Colecctions. Sometimes we try expairiments.

We have a rabbit in the hall and we keep our best papers in it. The puppet shows are sometimes funny. We make our own commite. Mrs. Whitacre does not help us. Some of us have made more than one. But some don't have any. When we made our bunnys some of the legs went the wrong way. We hope to learn more about science. We painted Easter eggs, but some broke. When we got through painting Easter eggs we put them in the Easter bunnys. Some of us helped paint the T.V. When some-one got a nice paper, they got to read it in the T.V. We all helped paint the puppet stage, too. But we still have to have folding curtains. We all love school very much, and we love our teachers, too.

CHERYL ELAINE SURROCK

In the wintertime my neighbors pipe for water freezes, and she calls the plumer for help. And he came from the vetaneryon, and that how she got her puppy. This particklar man worked at the vetaneryon too. So he asked if she wanted a dog and she said yes I do! So he brought this tiny little puppy and he was cute, he had for little white feet up to his ankels and a little white spot on his tale. And she was sorry that he was so small. And she swats him with the flyswater and he wines so much! Some-times she puts him outside to play with my brother and I. He is growing fast, by summer he'll be a grown dog. Now we play with the dog much. He doesn't take his nap very often, he's going to grow-up to be a big dog. The End

Bill Calls For Better Schools For Retarded

A new plan for accelerated public school programs for handicapped children could make Illinois a national leader in its special education services, the president of the Illinois Council for Mentally Retarded Children said Wednesday.

Illinois House Bill 1407, introduced by Rep. Clabaugh (R-Champaign), calls for far-reaching improvements in school services for mentally retarded, physically handicapped and emotionally disturbed children.

Charles R. DeWitt of Mount Vernon, Illinois Council president, said Illinois now ranks 33rd among the states in the percentage of mentally retarded children enrolled in public school special education classes.

"The Illinois Office of Public Instruction and the School Problems Commission are to be congratulated for providing the leadership to enable Illinois to overcome its tragic past failure in educating the handicapped child," DeWitt added.

The bill calls for marked increases in the number of classes for the handicapped; stepped-up training of special education teachers; establishment of county advisory committees to plan for the extension of services; greater state reimbursement to local school districts for teachers' salaries, in the setting up of an Educational Materials Center to oversee procurement and distribution of specialized equipment needed to teach the handicapped.

The plan would also include programs at the high school level for handicapped children, who because of their disabilities have been unable to obtain 8th grade graduate certificates.

Citing the effects of neglecting special education for the retarded, DeWitt said, "A large number of the patients at Lincoln and Dixon State Schools need never have been placed there if adequate services had been available at their local public schools. Millions of Illinois tax dollars have been spent on care for individuals who could have had productive lives as adults if training had started in

early childhood. Many residents of state institutions might have been tax-payers, rather than tax-recipients. If they had been given proper preparation for independent or semi-dependent living."

Bi-partisan support is expected for HB 1407 which also has the backing of thousands of parents, relatives and friends of handicapped children throughout the state. DeWitt said the Illinois Council for Mentally Retarded Children has been actively working for such a plan for 10 years.

Robert Pfahli was selected King at the Junior Prom at Salem Central High School, which was held on May 1. Carol Nielsen of Rte. 2, Union Grove, has been selected as Queen.

Bob has been active in student council, "C" club, sports activities, a member of the basketball team, and various other school activities.

Carol has been a cheer leader, an active member of Pep Club, student monitor, Science Club and various other organizations of the school.

The prom theme this year was "Springtime in Paris" with Jerry Mumford's orchestra furnishing the music. The court of honor included senior Cathy Croucher and Dennis Remus, and Patsy Schulz and Ron Weil; Juniors Carol Peterson and Wayne Seitz, Linda Lebango and Greg Klemko; sophomores Mary Wagner and Tim Bloss, and freshmen Gerry Mueller and Ed Gilmore.

The average U. S. Senator is 57.7 years old.

ANTIOCH AREA REPRESENTATIVES of the fund drive being conducted by the Lake County Museum of History. Mrs. John Steitz (seated) president of the Lake County Museum Board of Trustees; William Brook, community chairman; Miss Carol Cervenka, Receipt book chairman, and Miss Joan Cervenka, Receipt book vice chairman.

Museum Fund Drive Gets Under Way

The fund drive for the Lake County Museum of History got under way in Antioch with the appointment of an Antioch committee, a presentation of the Museum's cause to the Antioch Chamber of Commerce by Robert Vogel, and announcement of a style show to be held in the near future to raise funds for the museum.

The Antioch committee is headed by William Brook, and includes Miss Carol Cervenka and Miss Joan Cervenka. Mrs. Elsie Steitz, Antioch, is a Museum director.

Vogel, director of the Museum, presented a film "Preserving Your Heritage," to Chamber members at their

luncheon meeting at Weasel's Lounge last Monday. He pointed out that the Museum will draw many visitors to Lake County. Many of the displays concern Antioch, he said, and will raise in visitors a desire to visit the town.

A luncheon and style show, at the Farm Bureau building in Grayslake, has been scheduled for May 19 for the benefit of the museum. The style show will be the production of Phyllis McMillen, one of her unique History of Fashion shows. This one will include dresses worn by early figures in Lake County, loaned for the day by the Museum.

The style show will also include a generous portion of modern styles from Olsen's, Grayslake.

A Civil War wedding, in authentic clothes, will be a highlight of Mrs. McMillen's show. Another feature will be a collection of 65 fans collected by Mrs. Akin Black.

Along with the fashions displayed on the live models, Mrs. McMillen's well-known dolls in matching costumes will be displayed.

little less than double the amount we levy for now. So the levy would probably be about .065."

The budget for the next year is posted in the library for some time before the town meeting. Miss Williams explained, so that everyone will have a chance to study it.

Parking at the side of the road at night, says the Chicago Motor Club, always is a dangerous practice. If you must pull off the road in an emergency, make certain you are completely off the highway. Leave your car lights on and use flares to warn oncoming traffic of your presence.

FACULTY WIVES HOLD LAST MEETING

The faculty wives of the Antioch Community High School held their last meeting of the season at the home of Mrs. Lucien McLean. The committee for the evening included Mrs. Ivan Teague, Mrs. Ken Snouse, Mrs. Donald Beveroth, Mrs. William Newman and Mrs. Lucien McLean.

The program for the evening included a film travelogue and a style show. Sports clothes from Jane's Dress Shop were modeled by Mrs. Fred Stockhecke, Mrs. Joe Pechulis, Jr., and Mrs. Richard Hunn. Refreshments were served.

Feature Home Sewing At Style Show

A "Cavalcade of Fashions" was presented in a fashion show sponsored by the Lake Region unit of Lake County Homemakers' Extension Association at the Antioch Savings and Loan Community room on April 28th.

The all-occasion cotton and knits featured 1965 fabrics and patterns which emphasized the versatility of home sewing and knitting. Most of the fabrics and yarns are available at local department stores.

The show was coordinated by Mrs. Gerald Crichton and Mrs. Richard Radke. Commentary was by Mrs. Fred Wolf. Models included the Mesdames Edward Rowley, Wilfred Jennrich, John Heick, Edward Hevrdjs, Dudley Kennedy, Barbara Fehl, Harold Seversen, Richard Radke and Gary Farber. Children's models included Johnny Heick, Nanette Rowley, Tommy and Susan Hevrdjs and Cathy Crichton.

Announce Engagement

Bonnie Lee Van Patton

Mr. and Mrs. Laurel Van Patton, 515 Naber Ave., Antioch, announce the engagement of their daughter, Bonnie Lee, to Thomas Borla, son of Mr. and Mrs. George Stillwell, Bridgewood Dr., Antioch.

Both are graduates of Antioch Community High and are employed at Abbott Laboratories. A September wedding is being planned.

Install New Officers Of Garden Club

Officers of the Antioch Garden Club for the next year were installed at a luncheon meeting of the club at the Virginian restaurant in Crystal Lake.

Mrs. Dudley Kennedy acted as installing officer. The new slate of officers were Mrs. Edwin Olsen, president; Mrs. Clarence Spiering, 1st vice president; Mrs. Ray Bolter, 2nd vice president; Mrs. Harold Angell, secretary; Mrs. Howard Wells, corresponding secretary, and Mrs. Harold Jorgensen, treasurer.

The club also toured Flowerwood Nursery. Many of the club members met again Friday, April 30, for a tree-planting ceremony on the grounds of the village hall. Two blue spruce trees, supplied by Mrs. Clarence Spiering, a member of the club, were planted in observance of Arbor Day.

Arbor Day was initiated by J. Sterling Morton in 1872 in Nebraska. More than one million trees were planted in the state that year. Now every state observes Arbor Day. In Illinois, it is celebrated on the last Friday in April.

Future plans of the Garden Club include a plant sale on May 21.

Rainbow Girls To Honor Mothers

A mother-and-daughter pot luck supper at 6 p.m. will precede the meeting of the Antioch Assembly of the Order of Rainbow for Girls next Monday, May 10, at the Masonic Temple.

A group of DeMolay boys from the Millburn Chapter will give the Rose Ceremony to honor the mothers. Danny Brown, Master, Councilor of Millburn DeMolay, will give the dialogue.

Denise Fowles will be initiated into Antioch Assembly during the meeting. Karen Jennrich, worthy advisor, will be presiding officer. Election of officers for the ensuing four months will also be held. The line officers and their mothers will be in charge of the dining room.

Leslie Beese, Worthy Adviser-elect, will hold her installation Saturday, May 22, at Wesley Hall at the Antioch Methodist church.

All girls wishing to participate in the escorting for the Millburn Chapter, Order of DeMolay Friday evening are asked to call Mrs. Donald Gibbs.

TO ATTEND STATE KC CONVENTION

Grand Knight Vincent Stofis and Delegate Emil Kubs from Council No. 3800, St. Peter of Antioch, will be in attendance at the annual state meeting of the Knights of Columbus which this year will be held in Peoria.

The convention will open Friday, May 14, and end Sunday, May 16.

WSGS TO HOLD RUMMAGE & BAKE SALE

The Women's Society of Christian Service is sponsoring a one-day rummage and bake sale on Friday, May 14, to be held at Wesley Hall in the Methodist Church. Lunch and dinner will be available.

Install New Officers Of Antioch Woman's Club

The final meeting of the season of the Antioch Woman's Club last Monday started with a "brunch" at Hobson House in Long Grove.

Yearly reports were given by all committee chairmen. In the absence of Mrs. C. B. Olsen, membership chairman, her report was read by Mrs. Ted Larson, president. The club now has 111 active members and 11 honorary members. Four new members and one re-instated member were presented with corsages and welcomed into the club. Total now members for the year were eight.

Mrs. Morris Pickus gave a humorous report of the "ups and downs" of the Literary group throughout the year.

New officers elected and installed were Mrs. Norman Jedele, president; Mrs. Joseph Morton, vice president; Mrs. Bill Murphy, recording secretary; Mrs. James McMillen, corresponding secretary, and Mrs. Raymond Toft, treasurer.

Chairmen of the various committees for the next year are: Mrs. Frank Benes, American Home; Mrs. Richard Elliston, art; Mrs. Roman Vos, community service; Mrs. William Brook, education; Mrs. Ted Larson, legislation; Mrs. Clarence Olson, membership; Mrs. Donald Purdy, music; Mrs. Robert Wilton,

publicity; Mrs. Clarence Spiering, rehabilitation; Mrs. Charles Watson, social; Mrs. Jerome Vogler, ways and means; Mrs. O. W. Turner, program, and Mrs. Morris Pickus, literature.

Mrs. Ted Larson, outgoing president, was presented with a gift, and her parting gesture was to have a "bit of a corsage" at each place for each member to wear.

The hostesses provided prizes for the games that made up the afternoon's short entertainment. Prizes were won by the Mesdames Edwin Olson, Myrus Nelson, John Wjcek, Robert Lubke, and Tony Stanich.

PATIENTS AID SOCIETY TO MEET MONDAY

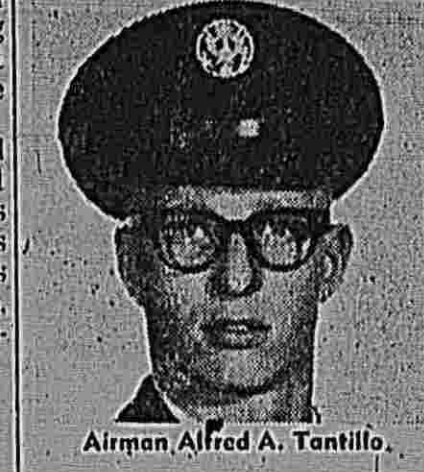

Women's Auxiliary (Patients Aid Society) of Countryside Hospital will meet Monday, May 10 at 7:30 p.m. in the Antioch Savings and Loan Community Room.

Plans will be discussed regarding the food for the Horse Show May 29 and 30. The ladies will have charge of the preparation and serving of the food.

Mrs. John L. Horan and Mrs. Ray Rathmann, Past District Directors, and Past Presidents Mrs. Lillian Hand, Mrs. Anton Johnson, Mrs. Frank Kennedy, Sr., Mrs. Edward Jahneke, Mrs. Joseph Horton, and Mrs. John W. Horan attended the 10th District American Legion Auxiliary's Past Presidents' Parley dinner, held at Lorenz's Smart Country House on Thursday, April 29. Mrs. William Franzen of Libertyville, junior past district director, was the chairman of this annual affair.

The entertainment was "Wednesday's Children"—Claudia Klug and Gerry Kusch of Lake Zurich, who harmonized in singing duets while they strummed their steel guitars.

The assemblage voted that Mrs. Franzen purchase whatever gifts the Downey Hos-

pital women patients would desire, and \$50 will be given the Department Hospital chairman for Downey to buy food for the yearly Downey Hospital picnic in August.

The Past Presidents' Parley project for ex-service women consists of monthly gifts, particularly on birthdays. Last month, Mrs. Franzen informed the group of approximately 150 women present, bottles of cologne and nylon hose were gifts from the Units in the District to these Downey Hospital women patients.

Mrs. Earl Horton, Gold Star members would be on the regular meeting night, Friday, May 14, at the Antioch American Legion Home. The women to be honored are: Gold Star Mothers: Mrs. L. C. Scott, Mrs. Myra Randall and Mrs. Lewis Gardner; Gold Star Widow, Mrs. Trudy Nelson; and Gold Star Sisters—Mrs. Scott Birge, Mrs. Ralph Fields, Mrs. Ollie Tweed, and Mrs. George Swenson. The hostesses will be Mrs. Earl Horton, chairman, Mrs. Al Sodman, Mrs. Barney Neveler, and Mrs. F. A. Swenson.

Mrs. Joseph Horton, Illinois State chairman, has just learned that the Antioch High School has selected Melonie Jensen, daughter of the Robert Jensens of Antioch, as the girl to attend "Illini Girls' State," with Dorothy Sarbacher, daughter of the Robert Sarbachers of Lake Villa, as her alternate. This program, sponsored by the Illinois American Legion Auxiliary, is for the purpose of providing citizenship training for Illinois girls who are members of the junior high school class.

This year's session will be held at MacMurray College, Jacksonville, Illinois, June 15-22, with an enrollment of approximately 500 girls. Mrs. Horton stated that the Antioch Unit will sponsor Miss Jensen.

Illini Girls' State is managed by a Commission made up of leaders of the American Legion Auxiliary, who make the plans and set the policies for this program. The educational pattern is handled by a staff of Auxiliary members experienced in teaching government procedure. Former "citizens" of Girls' State serve as junior counselors.

Mrs. Horton states: "With

leadership in government so vital to the welfare of our Country today, we feel that the American Legion Auxiliary is making an outstanding contribution in preparing our leaders of tomorrow to accept the great responsibilities which will be theirs."

Announce Cast For P.M. & L. Show

Palette, Masque, and Lyre has chosen an oldtime thriller, **GOLD IN THE HILLS**, or "The Dead Sister's Secret," for its next production. Evening performances will be presented May 21, 22, 23, and 24.

The cast includes: Shirley Jensen as Lizzie Jones, Marie Jasen as Barbara Stanley, Jim Corrigan as Hiram Stanley, Gerri Duncan as Nell Stanley, Larry Landis as John Dolton (a son of the soil), Al Bucar as Richard Murgatroyd (from the city), Wes Camp as Jenkins, Dave Serres as a Derelict, Homer LaPlant as Big Mike, Tom Mayerle as Pete the Rat, Janet Feller as Kate, Al Bucar Jr. as Little Tommy, Stan Davis as Chuck Connors, Lucille Camp as Mrs. Vanderlop, and Nancy Geiger as Edith Vanderlop.

Performing melodramas similar to **GOLD IN THE HILLS**, the road repertoire companies of 1890 drew enthusiastic audiences to their engagements extraordinary. P.M. & L. actors will emulate the 19th century Thespian troupes in a three-act show of villainy, heroism, suffering and redemption. Sounds heavy? Only to the actors—to the audiences it promises to be fun.

PLAN BOWLING OUTING

Co-Chairman Dick Mahal and Frank Heselmann have finalized plans for the St. Peter's Holy Name Bowling Outing to be held at the Antioch Bowling lanes on May 22 at 7:30 p.m. Reservations can be made by calling Dick (395-2093), Frank (395-0254) or from Society's President Dan Dugenske.

Some Tax Returns Not Identified, Held In Suspension

The Internal Revenue Service receives hundreds of payments that are placed in the suspense account because they cannot be identified with any tax account or taxpayer. Over three thousand unidentified payments totaling over one million dollars are now deposited in the suspense account, E. C. Coyle, Jr., Director of Internal Revenue of the Chicago District, announced.

The District Office makes every effort to identify these payments or locate the senders. However, the payment remains in the suspense account until it is properly identified.

Mr. Coyle had this advice to taxpayers: sending in checks or money orders in payment of taxes: "Attach the bill or notice to your payment. If you do not have a bill or notice, attach a note stating what the payment is for, the year of tax, the type of tax, and include your name, address, and social security number."

"And remember: keep your money order stubs or cancelled checks for your records as evidence of payment."

Motorists who travel the same route, day after day may take too much for granted. Usually the tourist on a strange road is inclined to watch for road signs and markings. Frequently, however, motorists who drive more by habit than by direction ignore basic traffic safety. Even in familiar surroundings, it always pays to be alert.

IT'S POOL PAINTING TIME AGAIN and a crew of Antioch Lions Club members turned out Sunday to begin sprucing up the Aqua Center for the coming season. Left to right: Wes Camp, Ed Martin, Leonard Roblin, Tom Haviland, Pres Reckers (kneeling) and President Maynard Schneider.

BILL BROOK offers a few suggestions to part of the Lions Club crew as they begin the task of painting the swimming pool. Maynard Schneider and Tom Haviland finish cleaning up while Leonard Roblin and Pres Reckers (far right) mix up some paint. Jim Carlton (center) appears to be supervising the work.

Ill. Bell Increases Pay For Operators

Illinois Bell Telephone Company and the Communications Workers of America (AFL-CIO) have announced increased starting rates of telephone operators effective May 16.

The new rates were set by the company under an agreement reached during wage bargaining last year.

The increases will raise starting rates from \$2.50 to \$4.50 a week. In addition, some 2,000 operators, with service up to about four years, will receive increases of from 50 cents to \$4.50 a week to adjust their wages to the new starting rates. Total annual cost to Illinois Bell is \$500,000.

Motorists should adjust their driving to traffic, road surfaces, weather conditions, degree of darkness and illumination, and condition of their car.

Mr. and Mrs. John Mesko of Mt. Prospect, Illinois, with their two daughters, Jody, 8 and Gail, 13.

"We've had electric heat 3 years—for comfort and economy you couldn't want anything better" ...report Mr. and Mrs. John Mesko

"In our home, the bedrooms, living room—dining room, bath and kitchen, are all good-sized rooms. Last year, with electric heat, we paid only \$175 to heat our 5-room home. And electric heat is so clean. In the three years we've lived here, we haven't had to buy a can of paint or even wash the walls."

What's more, like the Meskos, you'll find electric heat has a lot of other outstanding advantages. For example, it's 100% efficient, no heat is lost up the chimney. Each room has its own individual thermostat. You can set the temperature at 80° in the bathroom, 72° in the living room, 65° in the bedroom, all at the same time. Electric heat rates have been cut 50% since 1958. Get the facts on electric heat. Call your nearest Public Service Company Office for details, today. **P.S.E.C.**

Shriners Observe Nat. Hospital Day

Imperial Potentate O. Carlyle Brock of Zem Zem Temple, Erie, Pa., head of nearly 800,000 Shriners in North America, will be the principal speaker on Sunday, May 16, when National Shrine Hospital Day is observed at the Chicago unit of the Shriners' Hospitals for Crippled Children, 2211 N. Oak Park av.

It will be an "open house" to which the general public as well as Shriners are invited. All of Medina's colorful parade organizations, including its brass band, Oriental band, chanters, Indians, clowns, Arab Patrol, Black Horse Troop and motor corps will take part in the program, which begins at 1:30 p.m. with escorted tours of the hospital.

The day will also mark the initial public appearance of Dr. Edward A. Millar, new chief surgeon, who was named to that post in April at the retirement of Dr. Harold A. Soffield, who has been associated with the hospital since it opened 39 years ago.

Tours of the 68-bed hospital, where thousands of youngsters have been restored to more normal lives, will begin at 1:30 p.m. under the direction of Mable Rampeck, R. N., administrator. This is one of 20 similar institutions in the United States, Canada and Mexico operated and built by the Shriners. The three new units for the treatment of burns, for which 10 million dollars was appropriated three years ago, are now under construction in Galveston, Texas; Cincinnati, O., and Boston, Mass.

Beach Grove News

By Del Jahneke

Mrs. Alex Hoffman, Grass Lake, and her daughters, Mrs. Vincent Block of Glenview, and Mrs. Bernard Zimmer of Rolling Meadows, attended a bridal shower for Miss Lorraine Fiegan of Lyons on Sunday, May 2.

Mr. James Balsanello, Beach Grove, is now convalescing at home, after spending five weeks at the Presbyterian St. Luke's Hospital in Chicago.

Cadet S. Sgt. Ed Jahneke, Jr., of the Onaga Military School, son of the Edward Jahnekes, Beach Grove, has just finished going through "Hell Week" (and he claimed it nearly "finished" him) and has been initiated into the OMS Letterman's Club at his school. A cadet is not eligible for this Club until he has earned a major letter in sports. As Commander of the Color Guard, he participated in a parade in Parkview on Loyalty Day, May 2.

After the parade his color guard was asked to perform a special exhibition of drillwork in front of the reviewing stand.

MRS. ROSE FRITCH

Mrs. Rose Fritch, 70 years old of Yaw Subdivision at Camp Lake, Wis., passed away Saturday, May 1, at 11 a.m. in her home suddenly from a heart ailment.

She was born September 3, 1894 in Chicago and resided there until moving to Camp Lake in 1945. She held membership in the Laywade Chapter, Order of Eastern Star and Unity of Czech Ladies and Men's lodge in Cicero. She married John Fritch on October 22, 1913 in Chicago, and he preceded her in death on October 3, 1945.

Survivors are a son, William J. Fritch, Camp Lake, Wis.; two brothers, Joseph Kramer, Camp Lake, and Charles Kramer, Silver Lake, a sister, Mrs. Mildred Hula, Camp Lake, one granddaughter, Miss Penelope Fritch, Camp Lake.

The body rested at Strang Funeral Home in Antioch from 2 p.m. until 10 p.m. on Monday, and at the Cermak Funeral Home, 5844 Cermak Rd., Cicero, from 8 p.m. Tuesday until time of funeral at 11 a.m. Wednesday. Mr. Frank Kostka was the speaker at the services. Interment was in Bohemian National Cemetery in Chicago.

H.S. Students Visit Lab

On April 21, twenty Chemistry students from Antioch High School visited Abbott's Laboratory in North Chicago to participate in the High School Students' Science Day.

The day began in the auditorium with welcoming speeches by many of the scientists employed by Abbott's. The students were put at ease by the friendly personnel at the laboratory. Several of the scientists told how they decided upon a science career. Students were placed in groups of 20 and were then taken on a tour by one of the guides. The students visited a manufacturing and production plant, and then moved to the research building.

After the tour of the laboratory, lunch was served in the cafeteria. The day ended with a scientific film showing one of the many rewards of a career in science.

ORDINANCE NO. 65-1
COIN-OPERATED AMUSEMENT DEVICE ORDINANCE BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, ILLINOIS:

SECTION 1. LICENSE REQUIRED. No person, firm or corporation shall place or install, or maintain or operate in any building or place within the Village any coin-in-the-slot operated amusement device, for use by the public and for which a fee is charged without first having obtained a license therefor.

SECTION 2. DEFINITION. A coin-in-the-slot operated amusement device for the purpose of this Ordinance shall be deemed to be that which is defined in Section 481b.1 of Chapter 120 of the Illinois Revised Statutes 1963, and which is played for amusement and which rewards the player with the right to replay such amusement device, and which is so constructed or devised as to make such result of the operation thereof dependent in part upon the skill of the player and which returns to the player thereof no coins, tokens or merchandise.

SECTION 3. RESTRICTION ON OPERATION. It shall be unlawful for any person, firm or corporation, either as owner, lessee, manager or agent, where a coin-in-the-slot operated amusement device is located, to allow any person under the age of eighteen (18) years of age to operate, play or use such device.

SECTION 4. APPLICATION. Applications for the license required by this Ordinance shall be made in writing to the Village Clerk. Each application shall state the name of the applicant, the permit or license desired, the location to be used, the time covered and the fee to be paid, and each application shall contain such additional information as may be needed for the proper guidance of the Village official in issuing the license applied for; and no license shall be issued until the applicant shall have furnished all such information.

SECTION 5. LICENSE FEE. The annual license fee for each coin-in-the-slot operated amusement device shall be ONE HUNDRED (\$100.00) DOLLARS.

SECTION 6. PERIOD OF LICENSE. The license period shall be for one (1) year from May 1 to April 30 of each year. No refund or rebate shall be made to any applicant for license, for any reason or cause.

SECTION 7. PENALTY. Any person, firm or corporation violating any of the provisions of this Ordinance shall be fined not less than FIVE (\$5.00) DOLLARS nor more than FIVE HUNDRED (\$500.00) DOLLARS for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

SECTION 8. NUMBER OF ORDINANCE. This Ordinance shall be known as Ordinance No. 65-1.

SECTION 9. DATE WHEN EFFECTIVE. This Ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

The Waukegan Speedway kicked off the 1965 racing season Saturday night with one of the finest racing shows witnessed by Lake county fans. The grandstands were filled and the pits were the same as starter Frank Pinter dropped the flag on the first race, and the fans were on the edge of their seats for the rest of the night.

Many new Modified Cars were built over the winter and it is evident that competition will be hot and heavy this year. Ed Penslak built a new car and showed the fans how to win the 1st heat for modifieds.

Ed moved nicely from the back of the field to catch the checkered flag. Second heat went to Leo Weslaski as he piloted his big No. 89 to a blistering pace and the win.

In the third heat the popular Jim Lawrence, of Bristol, Wis., poured on the coal and stood off all attempts of John Reimer to cross the finish line first.

Kenny Tlougan brought the fans to their feet with his Twenty Bird Special as he captured the flag in the 4th heat for Modifieds. We predict that Ken Tlougan will pick up many more fans and checkered flags during the 1965 season.

Babe Ruth & Little
League Tryouts
Coming Up

Tryouts and forming of teams in the minor Little League will be held at the practice field on Thursday, May 13, at 8 p.m.

All boys 7 and 8 are eligible who have registered or who plan to register. The Intermediate Little League will hold tryouts and form teams at the major little league field on Thursday, May 13, at 6 p.m. All boys 9 through 12 are eligible.

The object of the intermediate program is to give all the boys who are interested a chance to play ball and to display their talents before major league managers, who each have two more team selections to make. It will also give major league "benchwarmers" the same opportunities. Each year each intermediate team will play a 12-game schedule against major league teams.

Babe Ruth tryouts will be held at the Major Little League field on Saturday, May 15, at 2 p.m. This year there will be two additional Babe Ruth teams formed. Any boys 13 through 15 are eligible and are encouraged to try out. Any fathers who wish to help with the program are urged to attend.

The 25-lap feature for Modifieds was a nail biter from start to finish. From the beginning it was obvious that the last lap could change everything. Fuzzy Fassenbender, from Slinger, Wis., gained the lead at the 9th lap and the chase was on.

While Rodger Otto, Kenny Tlougan, and Jim Lawrence were fighting their way up through the pack, Fuzzy had John Reimer pushing his tail bars. Fuzzy was able to hold the lead and cross the finish line one car length ahead of Reimer.

If the drivers continue the blistering times set for this opening night, racing fans are in for many thrills this year and the track records are in for some changes this season.

Next week begins the new racing night schedule at the Waukegan Speedway and fans are once again reminded to use the Hwy. 120 entrance. Friday night, May 7, the Speedway will run the Mighty Modifieds, and the Late Models, Saturday night, May 8, will be the first running of Figure-8 racing along with the Late Models full program show. This schedule will be in effect for the remainder of the 1965 racing season.

New 18-Hole Golf
Course Opens
South of Antioch

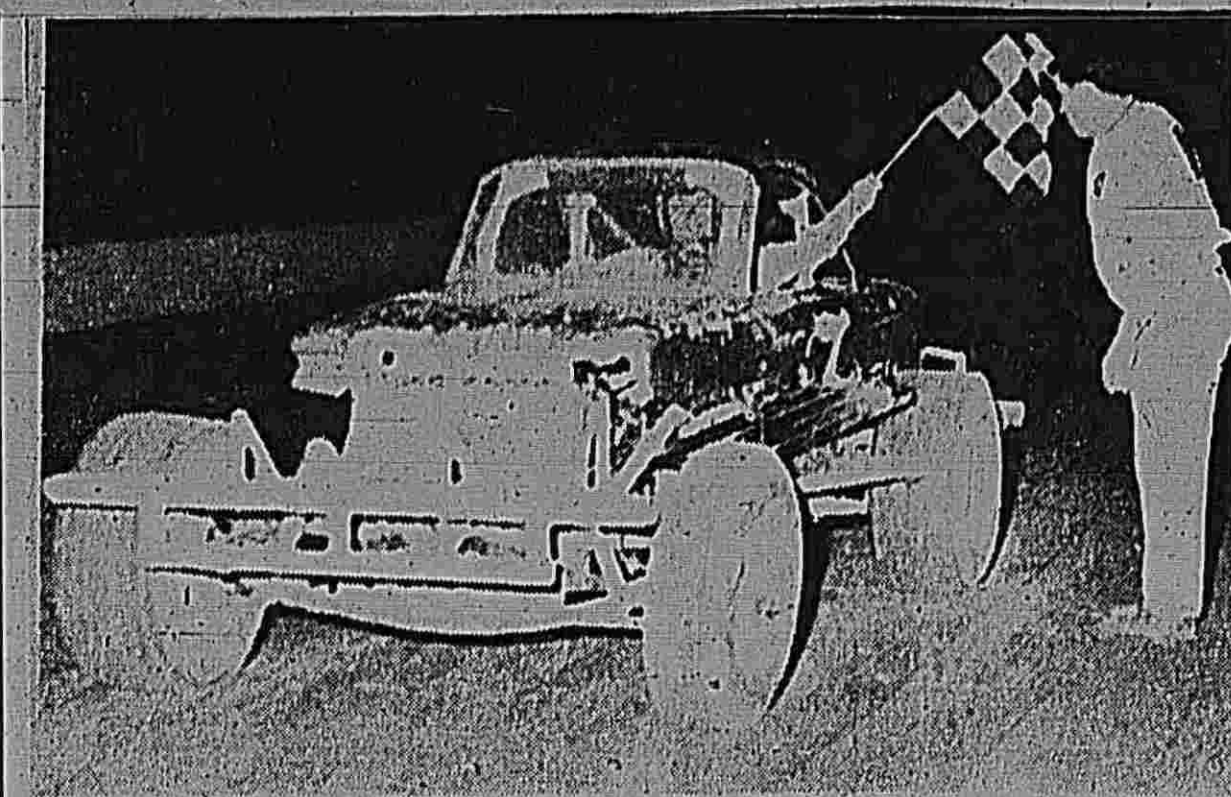

There's something new in the Land-O-Lakes area—a fabulous 18-hole golf course open to the public.

This daily fee course, carved out of 100 wooded acres southwest of Antioch, is adjacent to the private George Diamond Country Club. It's located on Highway 59 just south of Grass Lake Road.

Johnny Moran, golf pro at the George Diamond courses, says the greens are smooth as velvet. The rolling fairways are dotted with fish-stocked lakes.

The new course is one of the sportiest in the Mid-west and fills the need for a championship course in this area. There are locker rooms with showers and banquet rooms to accommodate large tournaments.

Other facilities on the grounds open to the public are a night-and-day driving range and a par 3 golf

FUZZY FASSENBENDER takes the checkered flag as he wins the feature race at Waukegan Speedway.

Morgan First To
Win Trophy

Tom Morgan, Sequoit speedster, became the first athlete to win the Steve Drew Memorial Trophy Tuesday at the Lake County track meet. He led the Sequoits to 1st place in the class B division, took first in the 100 and 220 and anchored the 880 relay team to 5th place on Waukegan's cinders. The award is being given each year by the Waukegan News-Sun to the outstanding athlete of the meet, in memory of Steve Drew, track coach at Waukegan High School for 34 years.

Lew Singer, athletic director at Waukegan, Fred Woldt, News-Sun sports editor, Wayne Whitmore, athletic director at Mundelein and Bill Souza, Dean of Boys at Warren served as judges for the award. Mr. Drew died early this spring.

The Sequoit thin-clads racked up 27 1/2 points to place fourth in the overall standings behind Waukegan (38) and Mundelein and Deerfield, both with 28 points. The 27 1/2 points was more than enough to give the Sequoits first place in the Class B competition.

Bruce Dalgard took 2nd in the high hurdles and Jim Effinger placed 2nd in the half-mile. The 880 relay team came in 5th with Jim Edwards, Jim Litchfield, Dave Fabry and Tom Morgan. Jim Edwards finished 4th in the low hurdles ahead of teammate Bruce Dalgard. Tom Wojnowiak, although he didn't place, ran the mile in his best time so far with a 4:48.5 clocking. The mile relay team of Litchfield, Bill Greear, Mike Sterbenz and

course that can be played by day or under lights at night.

The new course, designed by top-flight golf engineers, has four par 5 holes, nine par 4 holes and five par 3 holes for a total yardage of 6,050 and a total par of 71.

Effinger checked in with a 4th in their event.

Jim Edwards finished tied for 5th in the broad jump and set a new Antioch school record with a leap of 20'9". Bob Flood did a good job in the shot put, tossing it consistently over 49' to place 5th. Bob Schenk as the other point winner for the Sequoits, getting a 3rd place tie in the high jump.

Antioch Team
Defends Title

Antioch's thin-clads will go to Salem, Wisconsin, Friday to defend their championship title at the Salem Invitational Track Meet. The Sequoits won the crown last year.

Preliminaries in the field events are scheduled to start at 4:30 with the running events getting under way at 5:30. The finals are set for 7:30.

Other teams entered are Burlington, Mukwonago, Badger, Big Foot, Arrowhead,

Wilmot, Waterford, Union Grove, Oak Creek, Pewaukee and Salem.

With any break at all in the weather numerous records could be broken. In the mile-run the meet record is 4:56, but Craig of Mukwonago has been clocked at 4:36 and Young of Arrowhead has run it in 4:41.

Antioch's Bruce Dalgard has a good chance to break the high hurdle record of 15.6 held by Luther of Badger. Dalgard has run the hurdles in 15.6 already this year and his best time in the event thus far is 15.2.

Records in the broad jump and pole vault are also in jeopardy with Bascoe of Arrowhead jumping 22'1" this year and Schroeder of Salem vaulting 11'3". The present records are 20'8" and 11'3" respectively.

Special briefings on current international problems from State Department experts highlighted National Commander Donald E. Johnson's visit to the Department of State's worldwide operation center in Washington, D. C. The National Commander of the American Legion received special briefings on Viet Nam, the Congo, United Nations, and NATO developments.

Sequoits Crush
Zion-Benton

Antioch placed first in 12 of the 14 events last Wednesday, April 28, and crushed Zion-Benton in a dual meet at Zion 79 to 39.

Bruce Dalgard, Tom Morgan and Tom Wojnowiak were double winners for the Sequoits. Dalgard won the high hurdles and then came back to win the low hurdles. Wojnowiak took first in both the 880 and the mile and Morgan topped all competitors in the 100 yard dash and the 220.

The half mile and mile relay teams placed first in their respective events and Jim Litchfield took first in the 440. Bob Flood and Tyrone Walls accounted for other Sequoit wins in the discus and shot put. Bob Schenk won the high jump going 6' in a meet for the first time this year.

Other point winners for

the Sequoits were Jim Effinger, 2nd in the 880, Bill Meyer, 2nd in the discus and Bob Flood 2nd in the shot put.

Mooseheart Relays

Tom Morgan tied for second place in the 100 yard dash at the Mooseheart relays Saturday to head the list of Sequoit entries. Morgan ran the distance in 10 flat.

Bruce Dalgard broke his own record in the high hurdles with a 15.2 effort. The time was good enough for 5th place and bettered his own record of 15.6 by .4 seconds.

The 880 relay team, although they didn't place in the meet, also set a new school record with a 1:34.5 clocking. The team of Morgan, Jim Edwards, Dalgard and Dave Fabry bettered the old mark by .2 seconds.

Golf Team Gets
Off To Good Start

Antioch's golf team is off to another good start this season with four wins and two losses. They are four and one in conference competition.

Jim Steffenburg heads the list with a 43.3 stroke average for nine holes. John Jedele, with 44.3 follows. Fred Wittleder, a sophomore, has a 45.1 average. Tim Osmond with 46.5 and Bruce Muir with 47.1, both sophomores, are improving steadily.

Jim Kelly, Phil Maples, Thorpe, Don Mateoni, and Frank Roblin are all averaging around 49 strokes.

The passing years make all people old; a few wise.

No Camping In
Flooded State Parks

With the Illinois River out of its banks, Starved Rock State Park will have no camping for about three weeks, James W. McMillen, supervisor of state parks, has announced.

The park's camping area bordering the river is all under water and as the river goes down, silt and debris must be removed and camping facilities will have to be completely rehabilitated. In 1964 Starved Rock had the second most popular state park camping area, with 34,433 campers registered.

The river flooding has not affected the park lodge and cabins which are open as usual.

Teeters Rolls 1st
League 300 Game

By Louise Gutowski

A bowler's dream came true for 38-year old Jim Teeters last Friday night—he bowled the first league 300 game in the history of the Antioch Bowl.

Jim was bowling in the Antioch Major League when he rolled his 300 game. He started the evening with a 256, followed by the 300 game, then came back with a 201 for a league-leading 757. The big game and series was rolled on lanes 11 and 12. Teammates Bill Hinkle's big 675 series and Bob McCashin's 644 went almost unnoticed in the excitement stirred by Jim's perfect game. They all contributed to a high team series of 3082 for the Stang Builders.

Teeters has been bowling for about ten years, and in the Antioch League for three years. He bowled a perfect game once before in open bowling at the Round Lake Bowl, the first to be bowled in that alley. He lives in Round Lake with his wife and four children. "I was pretty nervous the last few frames," Jim commented.

Jim's 300 game is worth nearly \$1,000 in various prizes, according to Jack Sampayo, proprietor of the Antioch Bowl. He will receive

JIM TEETERS is congratulated by Jack Sampayo. Teeters had just bowled a perfect game in the Antioch Major League.

\$250 from the bowling shirt manufacturer, \$300 from the Bowling Proprietors Assn., a gold and diamond ring from AMF, a pin and plaque from Brunswick, plus several prizes to be awarded by some of the local business men in Antioch.

A representative of the American Bowling Congress was sent to the Antioch Bowl to inspect the alley and pins used during the 300 game to make sure they measured up to the ABC League requirements.

Dr. SIMS says... SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

BEWARE THE TINY TICK

City-dwellers heading for the woods this spring could be headed for trouble—if they meet up with the tiny tick.

Each year, scores of unwary woods-walkers bitten by ticks contract a terrifying, frequently fatal disease called Spotted Fever. Up to 30 per cent of the victims die from the disease.

Spotted Fever—one of a family of serious ailments called Rickettsial diseases—begins with a severe rash, fever and cough. After the patient lingers in a state of weakness and apathy for some time, he develops delirium, convulsions, stupor and finally lapses into a coma. Death usually results from advanced brain damage and circulatory failure.

Even when the tick is not a carrier of Spotted Fever, it is dangerous. Its venom is capable of causing another frequently fatal condition called "Tick Paralysis." Starting in the lower extremities, the paralysis slowly works up to the trunk, arms and finally the brain. Children are the most frequent victims.

Hardly bigger than a hand-nail, ticks are six-legged when hatched and develop two more legs as they grow to adulthood. There are some ten varieties infesting almost every region in the world. Although the wood and dog ticks common to our area most frequently carry Spotted Fever, other varieties carry a host of Rickettsial diseases ranging from "nine mile fever" in the western United States to South American Spotted Fever in Brazil.

All ticks have one thing in common, however—they are bloodsuckers. Most frequently they transmit disease by picking up the infecting organism from a rodent or other animal and carry it to man.

If you are bitten by a tick you'll know it. There is the familiar red swelling at the point of entry, followed by itching and burning. Common sites of entry are the pubic region, armpits, and especially the scalp and back of the neck.

Your first impulse will be to pull out the tick vigorously—BUT RESIST THAT IMPULSE! You may succeed in removing the body, but invariably leave the venom-

filled, germ-filled head to continue its dirty work. The several accepted ways of removing tick depends on immediate facilities — and pain tolerance.

1. Hold a lighted match or cigaret at the point of entry and burn it out.

2. Apply oil to the tick. This interferes with its respiration and, thus, will bring about easy removal with gentle pulling.

3. Attempt to pull it out gently, without any preliminaries. With this approach a tweezers is far more effective than fingers.

This far, no available antibiotic is effective against Spotted Fever. However, highly effective vaccines given by your doctors can impart complete immunity.

The only real way to avoid tick trouble is to avoid tick-infested woodlands. If you insist on answering nature's call to these areas, make certain you inspect your body for tick attachments every two hours. Above all, act IMMEDIATELY if you detect a tick bite... first by attempting removal, second by checking with your doctor. As the old woodsman's warning as wisely puts it:

"Be quick with a tick—or you'll sure get sick."

III. PTA Delegates Meet This Week

The theme of the 63rd annual convention of the Illinois Congress of Parents and Teachers, "Facing Tomorrow Today," will be stressed throughout the sessions.

The meetings will be held at the Pere Marquette Hotel from May 6 through May 8. Some 3,000 delegates, representing more than 2,400 local PTA units and 700,000 members, will attend the three-day convention.

Dig Deep Water Well

This is the time of year when everyone's thinking of planting—trees, gardens and what-have-you. Here is a list of rules for planting trees, compiled by Miss Mildred LaPlant, teacher of fifth grade, at Grass Lake School. The fifth grade students planted trees last Thursday in a pre-observance of Arbor Day.
1. Dig a large hole—two or three times larger than the tree's root system.
2. Chop and loosen the soil around the sides of the hole.
3. If you are using fertilizer and peat moss, put the fertilizer in the bottom of the hole and mix it with the loose soil.
4. Put peat moss and more soil on top of the fertilizer. Use enough so the roots of the tree will not touch the fertilizer.
5. Place the tree in the hole, spreading the roots out in all directions. Arrange it so the tree will be at the same depth it was before transplanting.
6. Shift loose soil and more peat moss in around the tree roots. Pack it down

firmly. Fill the hole within 3 or 4 inches of the top.
7. Water well, moving the tree slightly to make sure the water has reached the roots.
8. Fill the balance of the hole with loose soil, firming it well again. Leave a slight saucer-shaped depression around the tree to catch rain as it falls.
9. The first year or two after the tree is planted, water it well every week or ten days, unless it rains. Do not over-water. Watering is especially important in July and August, as we have less rain then.
10. If you have dogs, rabbits or other animals around, your tree should be protected with a fence or other barrier to keep them away.

On Mother's Day, the Chicago Heart Association reminds you that compared to housework, most jobs are a cinch. One heart specialist's studies have shown that strenuous housework takes more energy per minute than digging coal. Give Mother a chance to relax, the Association advises.
People seldom kick at the price of luxuries.

Ill. Bell Urges, "Call And Save The Cable"

The sounds of spring are a wonderful thing, but one sound of spring grates against the ears of telephone people and almost makes them look longingly back at winter.

That's the grinding, cracking, crunching sound of telephone cable being wrenched from the ground, torn up and smashed flat by construction machinery. The little nicks from the shovel or the residential gardening buff aren't as noisily made, but they can be destructive, too.

Each year, some 800 underground telephone cables are accidentally damaged by contractors and homeowners. This time of year, telephone service is blacked out for many users in Chicago and the suburbs on an average of four times a day. Sometimes an entire community is affected, sometimes just a few surrounding homes. But the matter is a serious one, particularly when cable damage disrupts lines to emergency services provided by police and fire departments.

Hospitals and doctors, an Illinois Bell spokesman said. Illinois Bell is again conducting an information program to keep the damage to a minimum. The company had 627 damage cases in 1964, as compared with 683 in 1963. But chances for accidental cuts increase as more cable is placed underground away from ice and wind damage.

Most breaks occur near excavation sites for sewer lines, buildings, highways, and water mains; sometimes where bushes and trees are planted. It's near these places where telephone cable is generally buried.

There is a simple and fast way to avoid damaging a telephone cable and possibly knocking out vital communications: Just call "Repair Service." A telephone man will come out and pinpoint where the cable is located.

The company's "call and save the cable" campaign is showing results: A total of 27,349 people from the suburban area dialed "Repair Service" in 1964 inquiring about cable location. In 8,584 of these cases, hidden cable was found dangerously close to the spot where shovels and bulldozers could have snuffed out phone service. "It's easy to see that the thoughtfulness of gardeners and contractors is paying off in fewer trouble cases," the Bell spokesman said. "We're grateful for their cooperation."

Illinois Bell representatives check frequently with local government agencies to obtain lists of building permits, so it can discuss the problem with contractors before digging starts.

Vapors of some rug and fabric cleaners are harmful to breathe, as well as highly flammable. Always read and follow the instructions on the label, and use with adequate ventilation. Federal law requires labeling of such products for your protection.

Lake Villa News

By Mrs. Fred Bartlett, Lake Villa 356-5372

V.F.W. Orem
Poppy Days sponsored by the Lake Villa VFW Post and Auxiliary will be held Friday and Saturday, May 14 and 15. They will be stationed in Lake Villa and Lindenhurst. Please give generously to this worthy cause.

On May 8, it will be Lite-A-Bike day in Lake Villa, sponsored by the Lake Villa VFW Post. Parents are urged to have their children's bikes checked for safety.

Invitations have been sent to all organizations by the Lake Villa VFW Post for them to participate in the Memorial Day parade. Open house will be held at the VFW home after the parade. Lou Nering, 6th District commander, will be guest speaker at the services in Lehmann Park.

Methodist Items
A number of Lake Villa M.Y.F. members attended the Elgin District M.Y.F. rally held recently at the First Methodist church at Woodstock. Rev. Charles Frazier, of the First Methodist church of Evanston was the speaker. He is a past director of Youth for the North Georgia Conference.

Workers Needed for Doughnut Day
Mrs. Fred Bartlett, Sr. still is in need of volunteers to donate a couple of hours

Friday, June 11, to sell Salvation Army Doughnut Day tags. There is no pay but the gratitude is rewarding. Please call 356-5372 and say the hours you can donate. I'll be most grateful.

Past Presidents' Dinner
Mrs. Raymond Panzer and Mrs. Clarence Perkins attended the dinner at Smart's Country House. Mrs. Fred Bartlett, Sr. was unable to attend because of illness.

Convalescent
Joe Nader, Sr. is a patient at Condell Hospital, where he was taken Friday by the Lake Villa Rescue Squad. We all hope for a fast recovery.

Visitors
Mr. and Mrs. James McGrain and family were visitors Sunday at the home of Mrs. Frank Slazes, Sr.

Norman and Everett Nelson of North Chicago were visitors Saturday at the home of the Sr. Bartletts.

Mrs. Lou Williams of Bristol, Wis., was a visitor Monday at the home of Mr. and Mrs. Henry Jarvis.

Mr. and Mrs. John Meyers entertained relatives from Lake Villa and Burlington, Wis. Sunday.

Mr. and Mrs. Ed Gavcar and family of North Chicago visited the home of Mr. and Mrs. Russell Wilson Sunday.

Vets Admin Open Sat.

Veterans wishing to apply in person for the new GI insurance but who find themselves unable to do so during the regular work week will have an opportunity to do so Saturday, John B. Naser, manager of the VA Regional Office at Chicago, said today.

Mr. Naser said that the contact office on the ground floor will be open from 10 a.m. until 4:30 p.m. on Saturday, May 8, and on Saturday, May 15, and Saturday, May 22. Contact representatives will be on hand to process applications or to supply information to questioners.

Telephoned requests for information will also be accepted during those hours, Mr. Naser said, on Taylor 9-2800.

The new insurance which became available on May 1 will be issued by the Veterans Administration through the remainder of 1965 and up until midnight May 2, 1966. It cannot be issued after that date.

Those eligible include veterans who had originally been eligible to buy National Service Life Insurance between October 7, 1940, and January 1, 1957, and who failed to buy any or have since dropped all or part of their policy.

They must have either service-connected disabilities or such severe non-ser-

vice-connected disabilities that they are uninsurable by commercial companies at the highest rates.

Mr. Naser said that much interest has been expressed in the new program and for that reason Saturday hours have been scheduled.

The term "air pollution" is used to refer to matter that gets into your community air as a result of the activities of man.

And Here's A View Of The New Interior

We couldn't resist giving a little preview of our plans for the Antioch IGA Foodliner.

We also want to show that GOOD things can come in large packages too! If you like our present facilities you'll love our spacious new expansion plans.

With the Ace Hardware moving into the new Antioch Shopping Plaza we plan to take over their present store. This will more than double the size of our present facilities.

This means that you... our customer... will have the benefit of increased parking facilities, a larger selection of stock, wide aisles, better lighting, and modern up to date fixtures.
